

# Welcome to the next generation of board-making solutions!

## What's included?

- Quick access to the world's largest selection of picture symbols.
- 20,000+ unique picture symbols (Symbol Stix, AbleNet Symbols, PiCS and more!).
- Access to millions of images with integrated Google image searching.
- Many different templates for communication devices and activities.
- Thousands of boards, therapy materials, activities, etc. within the Global Community folders.

## What is Pogo Boards?

Pogo Boards is a powerful, flexible and easy-to-use tool designed to help users create and share custom, symbol-based communication boards and learning materials. Pogo Boards is the world's first all-in-one solution of its kind. It's a revolutionary, user-friendly, web-based application that's easy for both families and support staff to learn and use. Use it anywhere, anytime with no need to keep track of discs!

## Who is Pogo Boards for?

Anyone wanting to make and share custom communication boards or picture-based learning materials. It's easy to use for all whether they are speech therapists, teachers, families, support staff, special educators, ESL, ELL or EFL teachers.

## Create and Share

Creating and sharing is a breeze with Pogo Boards. Users have access to thousands of communication boards and symbol-based materials within the different Global Community folders. With Pogo Boards, you can also quickly and easily generate, print and email custom:

- Communication boards
- Communication books
- PODDs
- Flashcards
- Symbol and print-based learning materials
- PECS Cards
- Therapy activities
- And more!
